

CLASSROOM MANAGEMENT TRAINING – LEVEL 3

COURSE OBJECTIVES

DESCRIPTION

The central purpose of this course is to enable you to manage classroom behavior in the new landscape. The classroom has been called the lab of the child. Because children spend a major part of their formative years in school, it becomes vital to examine the roles of classroom management as an important dynamic in student experience and success.

AT THE END OF THIS TRAINING YOU WILL BE ABLE TO:

- Provide a positive learning environment
- Keeping all students on task
- Understand problems that could get in your way
- Deal with students with behavior or special needs
- Communicating and working with parents
